

Our Commitment

As the only licensed home health agency in the community providing both medical and non-medical care at home, for as little as one hour up through 24/7 full-time care, Dakota Home Care is the solution for individuals wishing to remain at home with high quality care, delivered by compassionate, certified, and fully trained care professionals.

To accomplish this, we adhere to the following core values:

- **Caring:** We demonstrate sensitivity to the needs of others and make them a priority.
- **Connection:** We value relationships and incorporate clients, families, and local resources into care.
- **Creativity:** We acknowledge that obstacles arise. We find solutions together.
- **Integrity:** We pursue moral soundness, understanding you have entrusted us with your care.
- **Excellence:** We are committed to pursuing our personal and professional best.

Those We Serve

As a local, family-owned home care agency, Dakota Home Care has been providing both medical and non-medical in-home care services that help individuals of all ages maintain a high quality of life since 2012.
